

Vision and Aims

- Short term Community Volunteer engagement, Group Identity & Structure
- Medium term Identify funding streams, project definitions and partnerships aligned to survey outcomes
- Long term Self sustaining community with a clear identity related to broads angling

Broads Angling Services Group

10 Founding Members with 5 Directors
Grow members to around 20 based on volunteer engagement.
(Currently 20 with 55 volunteers engaged in total)

Company Objectives

Bring a Cohesive Approach in angling across the Broads Rivers Catchment.

Sustain and Grow angling participation

Support the community social economic values

Promote and protect fisheries and angling interests

Provide a community framework that creates opportunity from being out in the natural environment.

Define and deliver the Broads Angling Strategy

Asset Lock

The Company is not established or conducted for private gain.

Any surplus or assets are used principally for the benefit of the community.

No transfer of assets other than for full consideration will be as directed by the Regulator.

Broads Angling Services Group

Company Articles & Governance

11. DIRECTORS MAY DELEGATE

11.1 Subject to the Articles, the Directors may delegate any of the powers which are conferred on them under the Articles or the implementation of their decisions or day to day management of the affairs of the Company

(a) to such person or committee

(b) by such means (including by power of attorney)

(c) to such an extent

(d) in relation to such matters or territories and on such terms and conditions, as they think fit.

12. COMMITTEES

12.1 Committees to which the Directors delegate any of their powers must follow procedures which are based as far as they are applicable on those provisions of the Articles which govern the taking of decisions by Directors.

12.2 The Directors may make rules of procedure for all or any committees, which prevail over rules derived from the Articles if they are not consistent with them.

New Addition

Initial project scope and definition is required for approval by the Company Board, sponsored by a Director

STOP THE SPREAD
INVASIVE AQUATIC SPECIES
CHECK-CLEAN-DRY

Are you unknowingly spreading invasive species on your water sports equipment and clothing?
Invasive species can affect fish and other wildlife, restrict navigation, clog up propellers and be costly to manage. You can help protect the water sports you love by following these simple steps when you leave the water.

- CHECK** Check your equipment and clothing for live organisms - particular in areas that are damp or hard to inspect.
- CLEAN** Clean and wash all equipment, footwear and clothes thoroughly. Use hot water where possible. If you do come across any organisms, leave them at the water body where you found them.
- DRY** Dry all equipment and clothing - some species can live for many days in moist conditions. Make sure you don't transfer water elsewhere.

For more information go to www.nonnativespecies.org/checkcleandry
