

Venue priority locations discussion for the placement of line recycling bins.

Taking part: Kelvin Allen, Steve Burgess, Craig Trussell, Kevin Powell

The following locations were identified as not needing line recycling bins and placed as low priority

Ant Gayes Staithe
 Bure Upton Dyke
 Chet Nogdam End
 New Cut Marsh Farm
 Thurne Summerton
 Yare Rockland Staithe
 Yare Careys Meadow
 Waveney Dunburgh
 Waveney Ellingham

2 additional locations were added to the list which are popular tourist angling spots

Bure Horning Swan Corner

Bure Mayton Bridge

This makes the list of 35 locations.

The following people agreed to take the lead for each specific location survey and installation, subject to survey. The sheets use locations based on the what 3 words app.

This now leaves 2 locations at Loddon marina and Riverside Road Norwich needing surveys.

It was agreed that Kelvin would email the specific survey sheets to the assigned people, including all the associated venues not having been identified for line bins within the specific rivers, this covers a total of 74 venues with the priority on the 33 agreed bin locations.

Kelvin will discuss with Duncan the creation of a simple generic risk assessment sheet for the work associated in the installation of the bins.

Below is the current venue listing in weighted priority order, for the locations targeted for bins.

I will be sending you a mail merge document containing all the venues we agreed last night.

I understand from Craig that Tony has agreed to take ownership of the NDAA venues.

Any issues please get back to me.

Thanks

Kelvin
