

Broads Angling Services Group

From the Broads Angling Strategy 2018 is working to:

Establish the current & historic extent of angling access

Maintain existing access; identify and take forward opportunities for improving and developing access, including the delivery of projects

Ensure angling access requirements, including transport infrastructure and facilities, are recognised by all those managing the Broads area

Engage with partners to develop new opportunities for angling access alongside wider management in the Broads area

Examine and develop new approaches to the management and maintenance of angling access, working in partnership with angling clubs and others to safeguard and improve angling, encouraging a positive perception of angling amongst land owners and managers

Examine the feasibility of a 'permit' scheme to help fund the development of new and improved access opportunities

Broads Angling Services Group

Current and Historic Challenges:

Anglers belief that Broads Fishing is Free

Anglers belief that the Broads is tidal and we have a legal right to fish

Currently Broads Angling isn't on a sustainable footing.

Broads has complex ownership of land and access

Little bank Access exists

Significant visitor attraction

Nobody seems willing to pay for these facilities

Some Anti Social behaviours

Recent Court Case on Riparian Rights

National Rod Licence is 50p per week to support this.

Angling needs a new financial model fit for the 21st centaury

ELIZABETH II

1969 CHAPTER 52

An Act to promote the reform of the statute law by the repeal, in accordance with recommendations of the Law Commission, of certain enactments which (except in so far as their effect is preserved) are no longer of practical utility, and by making other provision in connection with the repeal of those enactments.

[22nd October 1969]

BE IT ENACTED by the Queen's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:—

1. The enactments mentioned in the Schedule to this Act are Repeal of hereby repealed to the extent specified in column 3 of the Schedule. enactments.

2.—(1) In proceedings by way of quare impedit commenced Advowsons. within six months of induction, judgment shall be given for the removal of an incumbent instituted to fill the vacancy, if he was instituted on a presentation made without title and is made a defendant to the proceedings.

(2) Where the Crown presents to a benefice which is full of an incumbent, effect shall not be given to the presentation without judgment having been given for the removal of the incumbent in proceedings by way of quare impedit brought by or on behalf of the Crown.

Subsection (1) above shall apply in relation to proceedings so brought whether or not they are commenced within the period of six months therein referred to.

(3) The provisions of this section shall have effect in place of chapter 5 of the Statute of Westminster, the Second, chapter 10 of the statute of uncertain date concerning the King's prerogative and chapter 1 of 13 Ric. 2. Statute 1.

Rod Licence Income and Spend

What is it not delivering within the Broads as defined within the Broads Angling Strategy

Failure to deliver fish surveys from 2017, so zero baseline on fish densities.

Failure to manage installed fishing tracking infrastructure

Failure to secure Prymensuim Response Measures defined by UEA

Inability to provide underlying support to the social economics of angling

Zero input into Broads Futures and impact from Climate Change within Fisheries

Should we seek to demand that this work be outsourced - Scope

Seasonal delivery of fish surveys to baseline fish densities

Management of existing fishing tracking infrastructures

Complete and secure Prymnesium response processes defined by UEA

Provide underlying evidence to the social economics of angling

Provide project support for access improvements

Provide input into Broads Futures and impact from Climate Change within Fisheries

Broads Angling Services Group

Vision for the Future

Create the vision and market it

Formalise the legal position that Broads Fishing is Free (Bank and Boat)

Understand the bankside ownership

Define existing and future requirements

Market the quality of Broads fishing and its conservation the fact it needs protection and sustaining

Establish core fisheries management within the Broads

Introduce the concept of a Broads Fishery Permit

Landowners become stakeholders and beneficences

Significant angling visitor volume drives high volume and low price point

Engage with existing Broads Angling Clubs

Clubs focus on Development, Participation & Competitions

BASG provides the underlying local infrastructure

AT provides the core angling governance structure via new franchise agreement with BASG

Needs a small scale pilot area to demonstrate the model (River Yare @ Postwick)
